

cage

a cage  
full of ideas.

**cage.**

A cabinet system that impresses with its striking design language and authentic blend of materials, *cage* is the perfect solution for storage space and zoning. A square profile tubular frame redefines a room and sets new accents in the space. Open and closed modules, horizontal and vertical cubes and a choice of unusual materials open up a wealth of options for specifiers. Based on a distinct grid design, the *cage* system allows designers to create combinations that zone and structure the space. A corner shelf element creates a natural transition between two components.

Using a great variety of materials, finishes and colours, *cage* gives designers and architects plenty of scope to create the look they want. In terms of storage space, *cage* helps to order and organise things, but also serves as a room divider and screen. While the first and second document file levels are designed to be purely functional, the third level provides a full range of options, open top elements that provide views through the space. This level also serves as shelf space and for presentation and may be fitted with a tray and a magazine holder.

*Design: neunzig° design*

# Optional.

Cabinet 2 + 1 high	Cabinet 3 + 1 OH
4562-125 W 1200 / D 450 / H 1080	4564-125 W 1200 / D 450 / H 1430
4562-165 W 1600 / D 450 / H 1080	4564-165 W 1600 / D 450 / H 1430

W= width / D = depth / H = total height / dimensions in mm

### Accessories

9488-000 Tray

9489-000 Angled shelf

Cabinet 3 high	Cabinet 2 high
4563-125 W 1200 / D 450 / H 1080	4561-125 W 1200 / D 450 / H 730
4563-165 W 1600 / D 450 / H 1080	4561-165 W 1600 / D 450 / H 730

W= width / D = depth / H = total height / dimensions in mm

Corner shelf – W 450 mm
4543-055 W 450 / D 450 / H 1080

W= width / D = depth / H = total height / dimensions in mm

### System overview

### Inside clearance

Dimensions in mm

### Standard models:

#### Frame:

Square profile metal tube 20/20, 1.5 mm. Corner joints die cast zinc.

#### Top panel – cabinet 3 high:

Choice of laminate (MFC) or HPL Fenix with ABS laser edge, veneer with laminated wood edge, reclaimed oak, oiled.

#### Body:

Choice of laminate (MFC) with ABS laser edge, veneer with laminated wood edge.

#### Sliding door large:

Choice of laminate (MFC) or HPL Fenix with ABS laser edge, veneer with laminated wood edge, fibre cement, reclaimed oak, oiled.

#### Sliding door small:

Choice of laminate (MFC) or HPL Fenix with ABS laser edge, veneer with laminated wood edge, perforated metal plate.

#### Back panel:

Choice of laminate (MFC) with ABS laser edge, veneer with laminated wood edge, perforated metal plate. Back panel exterior always finished as a decorative panel, allowing for the unit to be freestanding. Optional: fabric back panel, may be used as pinboard.

#### Shelf – cabinet 2 + 1 high, 3 + 1 high and corner shelf:

Optional. Choice of laminate (MFC) or HPL Fenix with ABS laser edge, veneer with laminated wood edge, reclaimed oak, oiled.

#### Back panel and sides 3rd/4th high – cabinet 2 + 1 high & 3 + 1 high:

Optional. Choice of laminate (MFC) with ABS laser edge, veneer with laminated wood edge, metal mesh.

#### Leg finish:

Adjustable metal glides, heightadjustable to 15 mm.

#### Lock:

Optional. Lockable: sliding door large + upper sliding door small.

#### Locking system:

Master locking system, replaceable barrels with 40 different lock number options.

YB02 reclaimed oak, oiled

X12 fibre cement quartz

X14 fibre cement slate

W04\* perforated metal plate

W06\* metal mesh

\* Powder-coated acc. to WH collection
